# CAPITAL ADEQUACY

The Company monitors the solvency capital in compliance with the requirements from the OIC.

The current and projected regulatory capital requirements are calculated based on Thailand's RBC regulations, which have been implemented in Thailand since September 2011. The key metric used by the regulator is the Capital Adequacy Ratio (CAR), defined as Total Capital Available (TCA) divided by Total Capital Required (TCR), which needs to remain above 140% to maintain financial strength and avoid potential regulatory intervention.

The table below illustrates that throughout the year, the Company has a strong capital position, that is significantly above the minimum CAR of 140%.

Unit: THB mil

Capital Items	Quarter 1		Quarter 2		Quarter 3	
	2019	2018	2019	2018	2019	2018
Capital Adequacy Ratio (%)	1,399	1,382	1,427	1,378	XXX	1,377
Total Capital Available	420	414	428	413	XXX	413
Total Capital Required	30	30	30	30	XXX	30

- Remarks:** - According to the OIC's RBC capital valuation notification for Non-Life Insurance Companies, the Registrar may determine the necessary procedures to manage companies with CAR below 140%
- Capital refers to the RBC capital required to be held according to the OIC's notification for the Valuation of Assets and Liabilities of Non-Life Insurance Companies
  - Quarter 2 is 6-month accumulated operating results and Quarter 3 is 9-month accumulated operating results.

**INTERIM FINANCIAL INFORMATION (UNAUDITED)**

**30 JUNE 2019**

## AUDITOR'S REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION

To the Board of Directors of AIA Company Limited

I have reviewed the interim financial information of AIA Company Limited (Non-Life Insurance) Thailand Branch, which comprises the statement of financial position as at 30 June 2019, the statements of comprehensive income for the three-month and six-month periods then ended, and the related statements of changes in equity and cash flows for the six-month period then ended, and the condensed notes to the interim financial information. The Branch's management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34, "Interim Financial Reporting". My responsibility is to express a conclusion on this interim financial information based on my review.

### Scope of review

I conducted my review in accordance with Thai Standard on Review Engagements 2410, "Review of interim financial information performed by the independent auditor of the entity". A review consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

### Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34, "Interim Financial Reporting".

**1. General information**

AIA Company Limited (Non-Life Insurance) Thailand Branch (“the Branch”) is a branch in Thailand of AIA Company Limited (“AIA”) whose ultimate holding company is AIA Group Limited (“AIA Group”), a company incorporated in Hong Kong and listed on the Stock Exchange of Hong Kong Limited.

The address of the Branch’s registered office is AIA Tower 1, 8<sup>th</sup> Floor, 181 Surawongse Road, Suriyawongse District, Bangrak, Bangkok 10500.

The principal business operations of the Branch is to provide non-life insurance, personal accident and health insurance.

This interim financial information has been approved by the Branch’s management on 12 August 2019.

This interim financial information has been reviewed, not audited.

**2. Basis of preparation the interim financial information**

The interim financial information has been prepared in accordance with Thai Accounting Standard 34 Interim Financial Reporting. The primary financial information (statement of financial position, statement of comprehensive income, statement of changes in Head Office’s equity and cash flows) is presented in a format consistent with the annual financial statements complying with Thai Accounting Standard 1 Presentation of Financial Statements. In addition, the interim financial information presentation is based on the formats of interim financial information attached in an Office of Insurance Commission’s notification “Principle, methodology, condition and timing for preparation, submission and reporting of financial statements and operation performance for non-life insurance company B.E. 2559” dated on 4 March 2016 (‘OIC notification’). The notes to the interim financial information are prepared in a condensed format. Additional notes are presented as required by the aforementioned OIC Notification.

The interim financial information should be read together with the annual financial statements for the year ended 31 December 2018.

An English version of the interim financial information have been prepared from the interim financial information that are in the Thai language. In the event of a conflict or a difference in interpretation between the two languages, the Thai language interim financial information shall prevail.

Income taxes in the interim periods are accrued by using the expected income taxes in the interim period.

### 3. Accounting policies

#### 3.1 Financial reporting standards which are effective for annual periods beginning on or after 1 January 2019

TFRS 2 (revised 2018)	Share-based Payment
TFRS 4 (revised 2018)	Insurance Contracts
TFRS 15	Revenue from contracts with customers
TAS 28 (revised 2018)	Investments in associates and joint ventures
TAS 40 (revised 2018)	Investment Property
TFRIC 22	Foreign Currency Transactions and Advance Consideration

TFRS 2 clarifies;

- The measurement basis for cash-settled share-based payments
- Where an employer is obliged to withhold an amount for the employee's tax obligation associated with a share-based payment and pay that amount to the tax authority, the award is treated as if it is wholly equity-settled.
- The accounting for modifications from cash-settled awards to equity-settled awards.

TFRS 4 provides insurance companies an optional exemption from compliance with TFRS 9 and TFRS 7. The exemption is temporarily effective and not mandatory. Entities who choose to use the exemption must follow the 'financial instruments and disclosure for insurance companies' accounting guidelines as issued by the Federation of Accounting Professions until TFRS 17 becomes effective.

TFRS 15 is based on the principle that revenue is recognised when control of a good or service transfers to a customer - so the notion of control replaces the existing notion of risks and rewards.

TAS 28 clarifies that the election by venture capital organisations, mutual funds, unit trusts and similar entities to measure investments in associates or joint ventures at fair value through profit or loss should be made separately for each associate or joint venture at initial recognition.

TAS 40 clarifies that transfers to or from investment property can only be made if there has been a change in use that is supported by evidence. A change in use occurs when the property meets, or ceases to meet, the definition of investment property. A change in intention alone is not sufficient to support a transfer.

TFRIC 22 clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income when an entity has received or paid advance consideration in a foreign currency.

The Branch has adopted these standards for the current period. The management has assessed and considered that the above standards do not have significant impact on the Branch.

### 3. Accounting policies (Cont'd)

#### 3.2 Financial reporting standards which are effective for annual periods beginning on or after 1 January 2020 and are relevant to the branch. The branch has not yet adopted these revised standards.

##### 3.2.1 Financial instruments

The new financial reporting standards relate to financial instruments are:

TAS 32	Financial instruments: Presentation
TFRS 7	Financial Instruments: Disclosures
TFRS 9	Financial Instruments
TFRIC 16	Hedges of a Net Investment in a Foreign Operation
TFRIC 19	Extinguishing Financial Liabilities with Equity Instruments

These new standards address the classification, measurement and derecognition of financial assets and financial liabilities, impairment of financial assets, hedge accounting, and presentation and disclosure of financial instruments.

##### 3.2.2 TFRS 16 Leases

TFRS 16 will result in almost all leases where the Group is a lessee being recognised on the balance sheet as the distinction between operating and finance lease is removed. An asset (the right to use the leased item) and financial liability to pay rentals are recognised, with exception on short-term and low-value leases.

The Branch's management is currently assessing the impacts of these standards.

### 4. Estimates

The preparation of interim financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies lead to the reported amounts of assets and liabilities, income and expense may differ from these estimates.

In preparing this interim financial information, the significant judgements made by management in applying the Branch's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the financial statements for the year ended 31 December 2018.

## 5. Fair value

### 5.1 Fair value estimation

The table below presents financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities, and the Branch is able to access that market on valuation date.
- Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Inputs for the asset or liability that are not based on observable market data.

The following table presents fair value of the Branch's financial assets that are measured at fair value as at 30 June 2019 and 31 December 2018:

	Level 1 Baht	Level 2 Baht	Level 3 Baht	Total Baht
<b>As at 30 June 2019 (Unaudited)</b>				
<b>Asset</b>				
Investment in securities				
Available-for-sale securities				
Debt securities	-	427,300,920	-	427,300,920
Total asset	-	427,300,920	-	427,300,920
<b>As at 31 December 2018 (Audited)</b>				
<b>Asset</b>				
Investment in securities				
Available-for-sale securities				
Debt securities	-	416,965,859	-	416,965,859
Total asset	-	416,965,859	-	416,965,859

### 5.2 Valuation techniques used to derive Level 2 fair values

Level 2 marketable debt securities are fair valued based on quoted by reference to the yield curve of the Thai Bond Market Association at the statements of financial position date.

**17. Related party transactions**

Entities and individuals that directly, or indirectly through one or more intermediaries, control, or are controlled by, or are under common control with, the Branch, including holding companies, subsidiaries and fellow subsidiaries are related parties of the Branch. Key management personnel, including directors and officers of the Branch and close members of the family of these individuals and companies associated with these individuals also constitute related parties.

In considering each possible related party relationship, attention is directed to the substance of the relationship, and not merely the legal form.

Significant related party transactions are transacted at prices negotiated between the parties involved.

Significant transactions with Head Office, related parties and affiliates within AIA Group Limited are as follows:

**a) Statements of Comprehensive Income**

	(Unaudited)	
	For the three-month period ended	
	30 June 2019 Baht	30 June 2018 Baht
<b>Affiliated companies</b>
